# Design Mind

## FINE DESIGN

**Design in Mind** is dedicated to recognizing and promoting the best in product design. The goal is to create an awareness about contemporary design excellence and to honor the designers and manufacturers whose products shape the world marketplace.

Winning **Design in Mind's Fine Design Award** is a distinction that brands your design as the best in the business in the minds of your peers, clients and consumers around the world. The **Fine Design Award** emblem can be used as a marketing tool that can make your business more attractive to new customers.
